

REMARKS

All the figures are herewith corrected to acceptable form, as they appear on the enclosed replacement sheets.

In addition, Figure 13 was amended to correct a group of typos. Specifically, the reference labels 110, 112 and 114 were revised to read 110M, 112M and 114M. It is noted that the specification refers to the latter reference numbers in reference to Figure 13, and the former reference numbers do not occur in the specification. Therefore, these typos were plainly obvious and self-evident as such, and correction is appropriate by replacement with the figures as they appear on the enclosed replacement sheets. It is also noted that this correction does not introduce any new matter.

The Director is authorized to charge payment of any additional fees associated with this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
